

## Oneida Technical Solutions

Oneida Technical Solutions, LLC (OTS) is a Native American tribally-owned 8(a) firm, with a rich history of providing IT support and associated services in highly complex, regulated, secure environments, including the U.S. Department of Defense (DoD), law enforcement, health care, retail, and the casino gaming industry. OTS is a wholly owned subsidiary of Oneida Nation Enterprises, and is the parent company of Croop-LaFrance (CLF), an experienced federal contracting firm.

OTS specializes in system architecture, system deployment and solution integration, wired and wireless network infrastructure, cybersecurity, intrusion detection and prevention, information assurance, risk management framework, and network management application support services. OTS delivers innovative solutions, rapid time-to-value and world-class service, training, and support.

Please contact us to learn more about direct support, streamlined 8(a) acquisition for high-priority, time-sensitive projects, or teaming arrangements. As a tribally-owned firm, large businesses may be able to take advantage of the Indian Incentive Program, allowing for a 5% rebate on subcontracts issued to Native American companies.
