

Manufacturing Technical Solutions, Inc. (MTS) is a veteran-owned, small business that was formed in February 2001. Headquartered in Huntsville, Alabama, with offices in Houston, Texas, and Stennis Space Center, Mississippi, the MTS staff consists of approximately 190 individuals providing support over a wide variety of financial, resource management, engineering, Information Technology, logistics, and programmatic contracts to major National Aeronautic and Space Administration (NASA) and Department of Defense (DoD) programs. MTS's mission is to always be an energetic and enterprising business that consistently exceeds our customers' expectations. We strive to provide our customers with innovative technical and business management solutions. We provide a challenging and rewarding work environment for our employees by encouraging a strong work ethic based on the principles of integrity, honesty, and respect.

MTS has been recognized by Inc. Magazine as one of the 5000 fastest growing private companies in America for the last four years (2010-2013). Additionally, MTS is an ISO-9001:2008 certified company, a Best Places to Work award winner, a Registered Education Provider (R.E.P.) for the Project Management Institute (PMI), and has solid project management and lean six sigma capabilities with numerous certified professionals. Following the Project Management Body of Knowledge (PMBOK) standards, MTS promotes superior project management through recognized processes, applied consistently, throughout the lifecycle of projects, programs, and portfolio management.
